CLARK COUNTY SCHOOL DISTRICT MAGNET PROGRAMS AND CAREER AND TECHNICAL ACADEMIES (CTA) 2026-2027 SCHOOL YEAR

WE ARE MAGNET TRANSPORTATION

WHO CAN RIDE THE BUS?

To receive transportation to a CCSD magnet school, students must:

- Live within the designated magnet transportation zone.
- Live more than two miles from the school, in accordance with CCSD Regulation 3531.

TRANSPORTATION INFORMATION

- Parents/guardians are responsible for confirming transportation eligibility.
- Magnet transportation zone maps are available on the CCSD Magnet Schools Transportation webpage.
SITE: www.magnet.ccsd.net/transportation
- Bus routes and stop locations are available through the CCSD Transportation Department.

APPLICATION

WE ARE MAGNET

WHO CAN APPLY?

Students entering Kindergarten through 11th grade for the upcoming school year are eligible to apply. To apply for Kindergarten, students must turn 5 years old on or before August 1st of their entry year, per State of Nevada Department of Education policy.

APPLICATION PROCESS

Step 1: Find Your Fit

Discover options, attend events, and find the right fit for your student:

- School Open Houses** – Tour campuses and meet staff.
- Camps & Workshops** – Get hands-on experience in magnet themes.
- Shadow Days** – Let your student experience a school day.
- Parent Workshops & Community Events** – Learn about programs and requirements.

● Check Location & Busing

Bus eligibility depends on your home address and magnet school transportation zone. Before selecting your top choices, verify school locations and transportation eligibility for your address at magnet.ccsd.net/transportation.

Step 2: Apply Online

Apply for up to five (5) total schools or programs through the CCSD School Choice application. This includes a maximum of **three (3) magnet programs**, alongside options for Open Enrollment and the Central Technical Training Academy. Submit your application by the specified deadline—no changes can be made once the deadline passes—and check your email for a submission confirmation.

Step 3: Selection Process

Following the application deadline, qualified applications are entered into the computerized, random lottery system to select applicants for available magnet seats.

Step 4: After the Lottery

Email and/or text notifications will be sent when lottery results are available on the CCSD School Choice parent dashboard.

Selected: Log in to click “Accept.” Always verify receipt of the acceptance confirmation email. (Note: Accepting a seat offer automatically removes the student from other school choice lists).

Alternate Pool: No action required. Vacancies are filled by selecting students from this pool through a random lottery as seats become available.

Not Qualified: The student did not meet specific program criteria. Contact the school directly for additional details.

QUALIFICATION

WE ARE MAGNET

QUALIFICATION INFORMATION

Elementary & Middle School

Elementary and middle school magnet programs are interest-based, meaning there are no academic qualification requirements. Students who apply by the deadline are entered into the computerized lottery for available seats.

High School

High school magnet programs fall into one of three admission types:

Interest-Based

No academic qualification requirements. Students who apply by the deadline are entered into the lottery.

Audition-Based

Students must complete an audition and meet eligibility requirements to be considered in the lottery.

Criteria-Based

Students must meet the minimum eligibility requirements shown below to be entered into the lottery.

Criteria Chart

Using first semester or trimester grades, each subject grade is converted into a point value (A=4, B=3, C=2, D=1, F=0). The total earned points are then calculated out of a maximum possible score of 26. To qualify for the criteria-based program lottery, a student must achieve a minimum score of 16 points.

Total Points	Needed
26	16

First Semester Grade Point Average	
Criteria	Points Assigned
3.50 and above	8
3.00-3.49	6
2.50-2.99	4
2.00-2.49	2
Below 1.99	0

First Semester Mathematics Grade	
Criteria	Points Assigned
A in Pre-Algebra or above	6
B in Pre-Algebra or above	4
C in Pre-Algebra or above	2
D/F in Pre-Algebra or above	0

First Semester English Grade	
Criteria	Points Assigned
A in English 8 or above	6
B in English 8 or above	4
C in English 8 or above	2
D/F in English 8 or above	0

First Semester Science Grade	
Criteria	Points Assigned
A in Science or above	6
B in Science or above	4
C in Science or above	2
D/F in Science or above	0
